Healthiest way to Fry, Bake, Grill, Roast & Reheat

Why you need a Philips Airfryer?

Rapid Air Technology

Rapid Air Technology, with its unique “Starfish” design, swirls hot air to create delicious foods that are crispy on the outside and tender on the inside, with little to no added oil.

Fry, Bake, Grill, Roast & Reheat

The new Philips Essential Airfryer opens up a world of possibilities: fry, bake, grill, roast and even reheat! Cook your food to perfection every time, no matter what you choose to make.

Energy Efficient

Philips Airfryers work more efficiently to save energy by cooking delicious meals with up to 70% less energy than a traditional oven.

Fast, Powerful reach, even in the toughest spots

LED nozzle

Dust, fluff, hair and crumbs are easy to spot and captured due to the LED lights in the SpeedPro nozzle. LEDs in the nozzle reveal hidden dust and dirt, on the go.

180° suction nozzle

180° suction nozzle is designed for precise and powerful pick-up of up to 98% of dust and dirt in each stroke, on all floor types, even in those hard to reach spots.

Up to 30 minutes runtime

High performance 18V lithium ion batteries provide up to 30 minutes in normal mode and 15 minutes in turbo mode, before you recharge.

Floor Care
